Rocky Hill, CT – July 8, 2005 - The Connecticut Student Loan Foundation (CSLF[®]) is pleased to announce that it has launched a new release of EnRoute[®], CSLF's internet-based loan processing and management system. The new EnRoute release, which occurred on Friday, July 1, 2005, provides faster and easier loan update options and new features for school users including:

- Simplified loan level updates, such as loan period changes, grade level and graduation date changes, loan cancellations, loan increases, and reallocations. Borrower and loan information has been standardized on each page for easier viewing. Pages and transactions have been combined to provide easier navigation
- Simplified monetary changes and disbursement adjustments, such as disbursement date changes, hold and release updates, pre and post disbursement cancellations, and disbursement reinstatements. Pre and post disbursement information has been combined on a single page to provide faster and easier loan update options for schools in addition to allowing multiple changes to occur simultaneously. Prior cancellation and refund information has also been added.
- Enhanced reporting on all pending transactions. Detailed reports of pending transactions, including number of transactions and dollar amounts, are displayed by transaction type.
- A newly added change transactions history log, which provides historical details of adjustments and changes. Details including date, user, type of change, data changes, and dollar amounts (when applicable) are displayed.
