## CSLF Launches Redesigned Web Site

**Rocky Hill, CT – September 11, 2003** – The Connecticut Student Loan Foundation (CSLF) is pleased to announce that its web site has been redesigned to provide easier navigation, improved appearance, and expanded content. This new site is currently in production and can be visited at [www.cslf.com](http://www.cslf.com).

Customer feedback and responses to online surveys regarding the site assisted in the development of this new design. Additional content, features, and tools have been added to each of the five primary sections - Students, Parents, Borrowers, Schools, and Lenders. Navigating within and between sections is simple and requires only a single click.

This redesigned web site also serves as the portal to EnRoute, CSLF's internet-based loan processing and management system, and provides students and parents with timely information and customizable tools to assist in making wise borrowing decisions prior to the application process. Borrowers can read about repayment options, download deferment and forbearance forms, access default prevention tools, and view detailed information regarding their student loan account(s). Schools and lenders also have access to a number of online resources and tools, including complete student loan processing services, forms, training registration, policy and regulatory information, and much more.

CSLF welcomes the opportunity to provide important and timely online information, tools, and resources regarding all aspects of higher education funding. For more information or to provide your comments regarding this web site redesign, visit [www.cslf.com](http://www.cslf.com).
